WELCOME

Thank you for coming to It's a Doggie Dog World for your pet's grooming needs.

We are committed to providing the best grooming service possible by offering one on one attention to each pet, quality grooming and only the best grooming and bathing products.

Our groomer has fifteen years of grooming experience. Having owned and operated her own grooming salon, she trained her bathers and groomers, emphasizing on creating a relationship with each pet and making it a fun experience. She is compassionate and patient and loves all her clients as if they were her own.

It's a Doggie Dog World wants your pet to feel comfortable in a low stress, friendly environment. We have created the following guidelines so you can help us maintain this environment.

We require a current rabies certificate for all dogs seeing the groomer for baths, grooming or nail clipping.

Booking appointments:

We book appointments in time blocks. Most pets in good condition require 1.5 hours to wash, dry and give a haircut. Additional time is required for pets with matted or tangled coats. (Can you get a comb through the entire coat to the skin easily?) The groomer needs this time to maintain a level of safety in badly matted pets and/or to try and save the coat if possible. Please inform us of the condition of your pets' coat when scheduling an appointment.

If you are requesting Shedless®, hot oil treatments, or have a medicated shampoo that needs to soak on your pet, please let us know as these also need extra time.

Fleas:

Because of our open layout between the grooming area and the boutique, we cannot accept dogs with fleas. **Please make sure your dog does not have fleas before making your appointment.** We also require all dogs to be current on a flea program such as Frontline or K9 Advantix.

To check for fleas, use a hair dryer to separate the coat and look for pepper-like specks. Please check thoroughly as fleas are elusive. Above the tail, armpits and heads are the best place to find them.

We do not use pesticides and are not equipped to kill fleas so bringing fleas into the shop will put other dogs at risk and will create a stressful environment for the groomer and the pet.

Cancellations:

We require 24 hours notice on all cancellations. Our groomer works on commission and we need the opportunity to re-book your appointment slot.

Drop off and pickup:

Please make sure to drop off your pet promptly for your appointment time. Pets that are more than 10 minutes late give the groomer less time to groom your pet and may run into the next appointment. For the groomer to be able to give your pet the best quality grooming, please be prompt.

To keep the one-on-one atmosphere, we ask that you pick up your pet as soon as he/she is groomed. We cannot keep barking dogs as their barking disrupts the entire boutique.

Tipping is not required but is Greatly Appreciated.

Cash is the preferred method of tipping your groomer.
